Do you want to pull your employees, co-workers, clients or business partners out of their daily stereotypes and the rules of everyday life?

Take them to the eye of a hurricane! Flying in the Hurricane Factory vertical wind tunnel is a once-in-a-lifetime experience that will break barriers and lift up the atmosphere.

HURRICANE FACTORY PRAGUE is the only vertical wind tunnel in the Czech Republic. It's a place where you can experience what it feels like to fly.

The air flow in the circular glass flight chamber (4.3 m in diameter and incredible 14 m tall) reaches the speed of 270 kph – the speed of a real hurricane.

However, you'll fly at a safe altitude under constant supervision of an experienced instructor. Flying in a wind tunnel is meant for all physically healthy individuals no younger than 5 years of age.

The HURRICANE FACTORY tunnel is equipped with a recording system. Get an exclusive DVD or photos of your flight as a reminder of your extraordinary experience!

There is an area for audience around the flight chamber, so your friends, family or co-workers can watch you fly!

THE FLIGHT

The minimum flight time is 3 minutes per person split in two sessions, 1.5 minutes each. Based on each client's wishes, the flight time can be extended to 4.5 or 6 minutes, or even longer. Clients take turns and they always enter the flight chamber with the instructor.

We recommend that you arrive to the HURRICANE FACTORY tunnel 45–60 minutes before your scheduled flight due to a mandatory pre-flight briefing. When you arrive, please contact our friendly receptionists who will gladly help you with everything.

You can borrow all the necessary equipment (suit, goggles and helmet) for free.

ACCOMPANYING PROGRAMS

Thanks to its professional services and unconventional representative area, the HURRICANE FACTORY wind tunnel offers a wide variety of corporate events, from conferences to teambuilding activities and company parties, or larger parties with accompanying program for up to 100 people. You can also give the experience of flight to your colleagues, clients or employees as a gift using our exclusive gift certificates.

In addition to the unique flying experience, we will also secure accompanying programs of your choice.

- Presenting
- Musical program
- Magic show
- Flight and sports simulators
- Dancing performance
- Sports exhibitions
- Talks about skydiving

Parking: The premises of the Hurricane Factory offer a parking space for 20 vehicles. Additional space is available at the Letňany Business Center.

RESTAURANT

Our restaurant provides a unique atmosphere thanks to a direct view into the flight chamber. You will also be pleasantly surprised by our exquisite Mediterranean cuisine and our offering of banquets and refreshments. We will gladly prepare any offer tailored to your company's wishes. Our restaurant can regularly accommodate 70 guests and, based on the type of an event, can also be expanded to host up to 150 guests.

TERRACE

Hurricane Factory Prague also provides a roof terrace equipped with a bar and an illuminated Jacuzzi. We can also prepare an unforgettable outdoor party for you, with a DJ, bartender exhibition, mixed drinks and grilled specialties. The terrace can accommodate up to 60 guests.

CONFERENCE HALL

The conference hall can accommodate up to 60 people using a classroom layout, or up to 100 people using a theater layout. The conference hall is perfect for press conferences, workshops, seminars, lectures, presentations, and similar events. It

provides all the necessary equipment, such as data projector, canvas, lectern, or Wi-Fi connection. The desks and seats can be arranged according to the clients' wishes and the type of the event.
